ALTORFER CAT

# BUILT TO BE REBUILT

Your machine is built to perform not for one lifetime, but for multiple lifetimes. Don't let that extra value go to waste. A rebuild can return your end-of-life machine to like-new condition and restore its original performance and productivity at a fraction of the cost of buying new. Ready to get started? Contact your product support representative or call 866-DEMO-CAT today!

## EARLY BIRD REBUILD SPECIAL*

DON'T MISS OUT!

It pays to plan ahead! When you book and approve your Cat machine or component rebuild by November 1, you'll receive a credit to go toward your equipment's service:
