SPOT-ON SPRAYER CALIBRATOR

**SPOT-ON SPRAYER
CALIBRATOR 0-1 GPM**

\$140⁴⁰

Provides quick and accurate flow rate checking of individual sprayer nozzles. Avoid costly over or under application of chemicals!

FEATURES:

- Simple waterproof design has no moving parts
- Shows readings in either GPM, oz/min, or Liter/min
- Easy one handed operation
- Clear design for easy cleaning and trouble shooting

BENEFITS:

- Quickly find worn spray nozzle tips – Industry guidelines recommend tip replacement once flow rate exceeds that of a new tip by 10%.
- Accurately measure true tip flow rate – Today's high tech sprayers can only be properly calibrated and confirmed with this knowledge.
- Fast and simple operation – Readings in 10 seconds or less per tip.
