### VIEW YOUR FLEET

The Fleet menu is your landing page and is designed to enable quick and easy access to specific asset data. You can simply scroll through the list, scan the asset's code or type search to locate an asset.

### COMPLETE DAILY INSPECTIONS

The asset view contains basic asset data and provides a list of quick access options, including Start Daily Inspection. Click to launch an inspection, rate the asset's condition and add photos and comments. Click submit to share results in real time.

### VIEW INSPECTION HISTORY

To keep complete track of essential daily inspections, the Inspection History page acts as a log of all submitted inspections. You can view and send completed reports of previous inspections from this page.

### ORGANIZE YOUR INSPECTIONS

You can view your In Progress, Assigned and Submitted inspections all under the Inspections menu. Here, you can also search by form type, product family and name of inspection to find what you're looking for with ease.

### ACCESS YOUR REPORTS

The Reports menu allows you to search for and view the inspection reports submitted under your account. You can also forward their reports with the Mail icon. This streamlines daily inspections from start to finish.

### SET AND VIEW FAVORITES

For easy access to frequently used inspection forms and templates, you can set your own favorites. Favorited forms and templates can be accessed in offline mode as well, even if there is no connection to the internet.
